

Neelam

**Neelam** is a direct disciple of HWL Poonja - Papaji, whose teacher was Ramana Maharishi.

Her uncompromising commitment to truth helps us turn inward and release underlying patterns of conditioning which have prevented us from recognizing our True Nature. With utmost tenderness, while helping us to address all aspects of daily living including past conditioning and trauma, she invites us into the same recognition of Truth that her teacher, Papaji, transmitted to her.

*Freedom means a true independence from the past - where our action, in the moment, is not guided by our attention to the arising past. ~Neelam*
