

## Fire of Truth Satsanga

*"Love, beauty, silence: that is who we are."*

June 2016

Dear Sangha,

I have been blessed to work with Neelam these past three-and-a-half years. With each consecutive program, I have significantly increased my ability to be in presence. I so look forward to her weekly calls, as it is a time when I can slow down, be in the gentle stillness of her presence and simply learn how to be in the beauty of this moment. Through her teachings, and the inquiry process, I have been able to increase my ability to remain in presence, even when I am busy or in a difficult situation. And, all those around me, including my husband and my children, have benefited.

I know that Neelams' teachings have had similar effects in the lives of others. And as we go out into the world, the ripple effect continues to positively affect the lives of those around us. The importance of this work cannot be understated. I am grateful to have found Neelam!

We are asking for your help to ensure that Neelam can continue helping others to find freedom and peace in this lifetime. Can you help us to meet our fundraising goals? If each of us just gives what we can, we will reach our goals.

The financial support you provide in these efforts makes a **crucial impact on the reach and sustainability of Neelam's work** amidst continuing health challenges.

**Each year, your tax deductible one time and/or monthly donations to Fire of Truth are used to support the organization in several ways:**

**Scholarship Fund** (Help with program fees for those in financial need) - **\$6000**

**Book Project** (Editing, publishing, etc.) - **\$2500**

**Administrative Support** (Program support, organization, coordination, etc.) - **\$12,000**

**Advertising** (Google/Facebook Ads, Marketing support and/or coaching) - **\$2500**

**General Office Expenses** (Office space, phone, internet, supplies, etc.) - **\$5000**

We need to ensure that this wonderful work continues to touch the lives of people, as it has touched our lives, and that this work is available to students for the future.

Thank you very much for your help,  
Susan Owen
