

Fire of Truth Satsanga

“Love, beauty, silence: that is who we are.”

July 2016

My Dear Sangha,

It was a deep love of Truth and a strong desire for Freedom that brought me to the feet of my teacher, H. W. L. Poonja (Papaji) in the fall of 1994. Meeting Papaji, this immense magnitude of embodied Presence, not only opened me up to the trust and surrender necessary for the realization of our True Nature, but it also pushed me to share this recognition with so many others.

I have been sitting for Satsang with Papaji's blessings since 1995 and it has been, ***largely with your on-going help and support***, that this message of truth and freedom finds its destination in the hearts of so many.

Over the past nine years, I have been faced with the challenge of environmental illness: truly debilitating at times and largely limiting my ability to work, travel and function in the world. Throughout this time, the recognition of Presence has grown even stronger and so has the natural flow to continue to share this teaching.

Because of the limits that come with this illness, we are only able to offer a small number of programs at any given time. As my health continues to improve, we continue looking for new ways to make this teaching more accessible to others. I have been experiencing a wealth of new information that wants to be shared and a renewed sense of joy and urgency to make this message even more available.

We are living in a unique time: a time where a true transformation and freedom are available. And, where an ever growing interest in groups and individuals need the support, the clarity and the multifaceted expression of this teaching.

Your generous, **One Time**, or a **Sustaining Monthly Donation** is needed to build more of the support necessary for us to continue. You will read in Susan's letter about our current and ongoing needs. It is important that this work will be made more visible and more available, especially at this time.

I hope that as this teaching has become a part of your life, and, as you are able to see its benefit and transformative power, that you will feel the urge to support its delivery and it's sharing with many, many others.

LOVE,
Neelam
